

ASUS ROG Clavis - Sound card - 32-bit

384 kHz - 130 dB SNR - USB-C

Group	Audio Equipment
Manufacturer	ASUS
Manufacturer item no.	90YH02N0-B2UA00
EAN/UPC	4718017958035

Description

The pocket-sized ROG Clavis USB digital-to-analog converter delivers a host of features to give any compatible headset a big upgrade. Its ESS 9281 QUAD DAC with a built-in amplifier and Master Quality Authenticated (MQA) rendering technology treats you to hi-fi-grade audio, while AI noise-canceling technology enhances headset microphones for crystal-clear voice communication.

ROG Clavis is made out of aluminum and features ASUS Aura Sync RGB lighting for a premium look. It includes a USB-C -to- 3.5 mm jack and a bundled USB 2.0 adapter to ensure compatibility with most headphones and a host of devices.
