Description

High-quality prints aren't just easier to get with the SELPHY Square QX10 compact photo printer, they're more accessible, too. Weighing less than one pound and conveniently sized, this portable printer lets you turn your digital images into impressive prints, whether you're at a party, traveling or simply in the comforts of your dorm room or home. Dye-sub technology means great, fast-drying 2.7" x 2.7" prints that can last up to 100 years, and the Canon SELPHY Photo Layout app lets you add creative templates, stickers, filters and more. Use the paper's adhesive backing to personalize your next crafting or decorating project, plus rely on the built-in battery to print images on the spot, without worrying about wires or cables. With the SELPHY Square QX10 compact photo printer and app, you'll have everything you need to get your creativity flowing.
