Description

The award-winning TD series adds its Micro-ATX model, the MasterBox TD300 Mesh. The tempered glass side panel and polygonal mesh shows off the user's pride and joy with its striking presentation. Featuring Cooler Master's FineMesh technology, the modern exterior doubles in style and function to simultaneously provides high airflow, dust filtration, and strengthened structure. Mesh contours emphasize the glow emitted from the included ARGB Sickleflow fans, casting a fragmented illumination shifting based on the angle viewed.
