

Fibaro Flood Sensor - Water leak sensor

wireless - Z-Wave - Z-Wave Plus

Group	Home Automation
Manufacturer	Fibaro
Manufacturer item no.	FIBEFGFS-101-ZW5
EAN/UPC	5902020528357

Description

Fibaro Flood Sensor - futuristic design, compact size, and a wide variety of additional functions. Fibaro Flood Sensor is simply remarkable! This unique device can guard you and your family's safety. With its advanced technology and precision, the Fibaro Flood Sensor will alert you of a threatening flood, or a rapid temperature rise or drop. All while being maintenance-free without the need for professional installation.

Main features

Product Description	Fibaro Flood Sensor - water leak sensor
Product Type	Water leak sensor
Environment	Indoor, outdoor
Power Source	Battery, power adapter
Connectivity	Wireless - Z-Wave, Z-Wave Plus
Dimensions (WxDxH)	7.2 cm x 7.2 cm x 2.8 cm

Extended details

General	
Product Type	Water leak sensor
Environment	Indoor, outdoor
Power Source	Battery, power adapter
Connectivity Technology	Wireless
Max Range Indoors	30 m
Max Range Open Space	50 m
Features	Indoor/outdoor usage, e-mail notification, wall mountable, tamper protection, visual alarm indicator, floor mountable, tilt (15°), gold telescopic probes built-in network range tester
Battery	
Form Factor	CR123A
Miscellaneous	

Nominal Voltage	DC 12 - 24 V
Power Consumption Operational	0.4 Watt
Compliant Standards	RoHS 2011/65/EU, R&TTE Directive 1999/5/EC

Dimensions & Weight

Width	7.2 cm
Depth	7.2 cm
Height	2.8 cm

Environmental Parameters

Min Operating Temperature	0 °C
Max Operating Temperature	40 °C
