Cleansystem Blind Brush - slat cleaner - water-connected

Group	Camping/Outdoor
Manufacturer	Gardena
Manufacturer item no.	18850-20
EAN/UPC	4078500064897

Description

With the GARDENA Blind Brush for the garden hose, cleaning the slats of blinds and shutters is quicker and more thorough than ever before.

A functional blinds cleaner tool for excellent results

As practical as blinds are in everyday life, keeping them clean can be a bit of a headache. The specially designed slat cleaning brush from the GARDENA Cleansystem makes light work of washing shutters and slatted window blinds. The brush is simply connected to the garden hose and surrounds the slat to be cleaned from both sides, whereby the water flowing out of the upper and lower bristles enables even cleaning. This removes all dirt and dust in a single work step. The brush is designed for the C and Z slats with a max. width of 8 cm and a min. spacing of 5 cm between the slats.

Easy work thanks to 90° rotation

Even floor-length blinds can be cleaned effortlessly. The brush head can be rotated through 90° to both sides, making it particularly flexible. This practical function means that even the lowest slat can be cleaned easily without the handle touching the floor.

Simple slat cleaning with running water

Thanks to the water connector, the venetian blinds cleaning tool ensures a high level of convenience and immediate results. The permanent lock can be triggered to ensure a constant flow of water. This also prevents hand fatigue. The water supply can be stopped at any time.

Sparkling results in combination with the GARDENA sticks

The GARDENA Shampoo Wax Sticks (Art. 989) makes cleaning window blinds even easier. After removing the filter on the cleaner, the rods can be inserted into the water connector on the connection nipple. The shampoo is mixed directly with water and distributed on the slats as an ideal cleaning solution. This combination restores the slats to their former splendour.

Main features

	General
Width	77 mm
Depth	277 mm
Height	182 mm
Quantity per pack	1 pc(s)
