

Gardena 1969-20, Round soaker hose, 15 m, Black

Soaker Hose - 15m

Group	Irrigation Equipment
Manufacturer	Gardena
Manufacturer item no.	01969-20
EAN/UPC	4078500196901

Description

The GARDENA Soaker Hose is particularly well suited for targeted, water-saving irrigation of plant rows, because it fulfils its function even with low pressure. It is ready-to-connect with all Original GARDENA System Fittings and with a valve for adjusting flow rate and pressure. The Soaker Hose has a length of 15 m. It can be shortened or extended through simple connecting up to maximum 30 m. You can also obtain the Soaker Hose in your desired length because it is available by the metre. For water-sparing irrigation of plant rows.
