

HONEYWELL Voyager 1202g - Barcode scanner

handheld - 100 line / sec - decoded - Bluetooth 2.1

Group	Scanners
Manufacturer	HONEYWELL
Manufacturer item no.	1202G-2USB-5

Description

Honeywell's Voyager 1202g single-line laser scanner incorporates the freedom of Bluetooth wireless technology and offers a field-replaceable battery that can be quickly and easily exchanged. The 1202g delivers the aggressive linear bar code scanning that users have come to expect from the world-renowned Voyager family of scanners.

Voyager 1202g incorporates a Bluetooth Class 2, v2.1 radio, enabling unrestricted movement up to 10 meters (33 feet) from the base. Honeywell has also demonstrated Bluetooth Class 2 communication ranges of up to 30 meters (100 feet) with a clear line of sight from the base. The 1202g offers users added safety and a wider range of movement by eliminating tethered cables. For added convenience, the included paging system helps locate misplaced scanners with visual and auditory signals.

The field-removable battery can be exchanged quickly and easily, without the use of tools. The user-preferred, long-lasting Lithium ion battery provides 12 hours or more of scanning time and 45,000 scans per charge. The 1202g recharges quickly, resulting in increased throughput. Built on the platform of the corded Voyager 1200g, the 1202g is optimized for scanning linear bar codes, including poorly printed and damaged codes. Voyager 1202g allows enterprises to minimize manual data entry, leading to increased productivity and reduction in errors.

This plug and play scanner incorporates a multi-interface design with automatic interface detection. Voyager 1202g automatically configures itself to the appropriate interface, shortening the installation process. 1202g's easy installation will benefit users in environments such as retail stores, hospitals, and light manufacturing facilities.

Main features

Product Description	Honeywell Voyager 1202g - barcode scanner
Type	Barcode scanner - handheld - Bluetooth 2.1 - decoded
Colour	Black
Minimum Bar Width	3.5 mil
Scan Element Type	Laser
Scan Speed	100 line / sec
Connectivity Technology	Wireless

Wireless Connectivity	Bluetooth 2.1
Battery	1 x Lithium Ion
Dimensions (WxDxH)	18 cm x 6.6 cm x 9.2 cm
Weight	180 g

Extended details

General	
Type	Barcode scanner - handheld
Colour	Black
Barcode	
Interface Type	Bluetooth 2.1
Minimum Bar Width	3.5 mil
Scan Element Type	Laser
Scan Mode	Single-pass
Scan Speed	100 line / sec
Skew (Degrees)	60
Pitch (Degrees)	60
Print Contrast Signal (PCS)	10%
Decode Capability	GS1 DataBar
TTL Decoding	Decoded
Connectivity Technology	Wireless
OK Notification	Beeper, LED indicator
Networking	
Wireless Connectivity	Bluetooth 2.1
Expansion / Connectivity	
Interfaces	1 x USB - Type A
Miscellaneous	
Included Accessories	Cradle
Cables Included	1 x USB cable - external
Compliant Standards	Bluetooth Class 2, RoHS, cULus
Power	
Battery	1 x Lithium Ion
Dimensions & Weight	
Width	18 cm
Depth	6.6 cm
Height	9.2 cm
Weight	180 g
Manufacturer Warranty	
Service & Support	Limited warranty - 3 years Limited warranty - battery - 1 year
Environmental Parameters	
Min Operating Temperature	5 °C
Max Operating Temperature	40 °C
Humidity Range Operating	0 - 95% (non-condensing)

Drop Specification

1.5 m to concrete
