Description

Spend less time loading paper and more time printing. The multi-sheet input feeder supports a range of paper sizes from A6 to legal. Add a full ream of paper without worrying about overfilling the feeder. Perfect for medium or large businesses, who want to add input capacity and media flexibility to their printer. Reduce trips to the printer to reload paper with this paper feeder. Print more pages without having to reload paper. Automatically print on different types of paper without manually loading paper for each print job. Add a few of these feeders to your printer for more flexibility. Help individuals and work teams save time and be more productive with additional paper capacity. With more sheets of available paper, users spend less time refilling paper feeders.
