Description

The HyperX Cloud III is an evolution of legendary Cloud II, which is known for its comfort, sound quality and durability. With plush HyperX signature memory foam in the headband and ear cushions, it provides a comfortable fit perfect for long gaming sessions. It also features retuned 53 mm drivers that are angled for an optimal listening experience. The upgraded 10 mm microphone captures crystal clear in-game voice chat and calls. Simple controls on the headset earcup allow you to have quick, direct access to mute your mic or adjust audio volume. The LED mic mute clearly shows when you're muted.
