Description

Everything you need, with all the basics covered. Snap your ThinkPad into the ThinkPad Basic Dock to connect to the Internet and all your workplace accessories. The ThinkPad Basic Dock allows you to connect an external display, keyboard, mouse and printer so you can get things done much faster. The dock comes equipped with 3x USB 2.0 ports, one of which supports always-on mobile device charging so you can charge your mobile phone or tablet even without putting your notebook on the dock. This ThinkPad docking station is perfect for professionals searching for a high-quality dock on a budget and small businesses which simply need all their basic external connections needs met. The ThinkPad basic dock comes equipped with 1x USB 3.0 port and a 10/1000 Gigabit Ethernet port to support enterprise manageability. It has 1x VGA port and is driver-free, promising picture-perfect video quality. It can power your ThinkPad using your ThinkPad's AC Adapter too. The security lock hole ensures the physical security of your device while the eject button promises simple one-step system removal. The ThinkPad basic dock also offers a much smaller desktop "footprint" than many Series 3 docking stations, meaning less desk clutter for you.
