

Lexmark Cartridge No. 70 - Black

original - ink cartridge - for Lexmark X4270 - X70 - X80 - X84 - X85 - Z11 - Z31 - Z42 - Z43 - Z44 - Z45 - Z51 - Z52 - Z53 - Z54 - Z82

Group	Ink Cartridges
Manufacturer	Lexmark
Manufacturer item no.	12AX970E
EAN/UPC	0734646964364

Description

The Lexmark High Resolution Standard Yield Black Print Cartridge provides outstanding print quality making images and text look incredibly sharp and crisp, even on plain paper!

All Lexmark inkjet cartridges have the actual print head, there where the core inkjet technology lies, integrated to the cartridge bottle. The main advantage to having the print head as an integrated part to the cartridge is that Lexmark customers get a new print head with each cartridge replacement! This is each time like getting a brand new printer all over again! No risk of deterioration of the print head (and therefore a decrease in quality) during the life of the printer as can be the case with other manufacturers who integrate the print head as a fixed part inside the printer itself.

Lexmark was the first manufacturer to introduce 1200x1200 dpi print heads. 1200x1200 dots per inch is the ability that Lexmark print heads have to place individual droplets of ink accurately on a 1200x1200 matrix per square inch of paper. Extreme precision and high resolution lead to the first class print quality provided by Lexmark printheads. With the introduction of the Z52 Color Jetprinter that can achieve a resolution of 2400x1200 dpi, Lexmark provides the ultimate in high resolution printing today!

Lexmark uses pigment-based inks for the development of all their black inks. The reason for this is simple as pigmented inks are extremely resistant to fading over time, they are waterproof and even infra-red readable! The Lexmark pigmented black ink ensures maximum performance in black text print quality. The result is incredibly sharp, crisp, laser-quality images and text, even on plain paper!

All Lexmark printer drivers offer a choice of printing modes based on the quality required and the time available to customers. The Quick Print mode (600x300 dpi) uses approximately only 50% of the ink quantity used in higher printing modes and provides a maximum print speed while still ensuring a more than acceptable quality. The Quick Print mode enables you to use the ink in an economical and efficient way based on your specific needs!

Main features

Product Description	Lexmark Cartridge No. 70 - black - original - ink cartridge
Product Type	Ink cartridge

Printing Technology	Ink-jet
Printing Colour	Black
Yield	Up to 600 pages
Compatible with	Compaq C3 1000; All-In-One A1000, A1500, A3000, A4000; Inkjet 1400, A900, Ij1200, Ij300, Ij750, Ij900; Lexmark 3200, 5000, 57XX, 7000, 7200, F4270, X125, X4250, X4270, X63, X70, X73, X80, X83, X84, X85, Z11, Z31, Z42, Z43, Z44, Z45, Z51, Z52, Z53, Z54, Z82; Samsung MJ 4500; SCX-1000; SF-4500, 4700

Extended details

Consumable	
Consumable Type	Ink cartridge
Printing Technology	Ink-jet
Colour	Black
Included Qty	1-pack
Yield	Up to 600 pages
Compatibility Information	
Compatible with	Compaq C3 1000 Compaq All-In-One A1000, A1500, A3000, A4000 Compaq Inkjet 1400P, A900, Ij1200, Ij300, Ij750, Ij900 Lexmark 3200 Color Jetprinter, 5000 Color Jetprinter, 5700 Color Jetprinter, 5770 Photo Jetprinter, 7000 Color Jetprinter, 7200 Color Jetprinter, 7200V Color Jetprinter, F4270, X125, X125 Pro, X4250, X4270, X63, X70, X73, X80, X83, X84, X85, X85pro, X85xe, Z11 Color Jetprinter, Z31 Color Jetprinter, Z42 Color Jetprinter, Z43 Color Jetprinter, Z43 Color Jetprinter Hexaprint, Z44 Color JetPrinter, Z45 Color Jetprinter, Z45se Color Jetprinter, Z51 Color Jetprinter, Z52 Color Jetprinter, Z53 Color Jetprinter, Z54 Color Jetprinter, Z54se Color Jetprinter, Z82 Color Jetprinter Lexmark Optra Color 40, 40N, 45, 45N Samsung MJ 4500C Samsung SCX-1000, 1000S Samsung SF-4500, 4500C, 4700
