

Panasonic ES-LV95 - Shaver - cordless

Schwarz

Group	Household Small Appliances
Manufacturer	Panasonic
Manufacturer item no.	ES-LV95-S803
EAN/UPC	5025232732043

Description

Enjoy closer, more comfortable shaving with this premium men's electric shaver. It includes five precision-honed, ultra-sharp, hypoallergenic Nanotech blades, powered by a high-efficiency 14,000 cpm linear-drive motor. An Arc 5 Multi-Flex, quick-pivoting shaving head traces facial contours and an active shaving sensor detects different beard densities as you shave to adjust cutting power where needed for smoother results.

The premium Arc5 men's electric razor system provides the ultimate in closeness and comfort with five ultra-sharp, ultra-thin Nanotech blades. Arc 5 inner blades are forged and honed to an acute 30° cutting edge to cut more cleanly and efficiently at the root for the ultimate in cleaner, more efficient and comfortable shaving.

Micro-thin Arc 5 foils cleanly capture, hold and cut the different types of hair that make up the beard. The slight arc of the foils allow them to keep in close contact with the skin for quick, clean shaving. A distinctly patterned Lift-Tech Foil applies reverse-tapered edges to gently raise and cut flat-lying hairs. A Slit Blade Foil grabs and cuts longer hairs that often grow in opposite directions. The Finishing Foil finishes off the shave by capturing extra-thick and stubborn hair to ensure smooth, even results every time.

Main features
