Description

The Smeg DCF02 drip coffee machine allows you to prepare a deliciously aromatic, richly flavored coffee with the option of selecting the aroma intensity you prefer, to satisfy both the most delicate palates and those in search of more intense flavors. This machine combines high levels of performance with a unique design, making it an object to show off. The filter coffee machine is equipped with an aroma intensity selector (from intense to delicate) with a digital LED display and Clock / Timer and the Auto Start function to set the automatic start time. Up to 10 cups of coffee can be made in the glass carafe, ideal when entertaining family and friends. There is also a four-cup function perfect for when a smaller quantity of coffee is needed. A handy Keep warm function also keeps your pot of coffee warm for up to 40 minutes after brewing.
