Description

Smeg's iconic retro design offers a pop of colour and a premium enamelled finish. Whether your preparing fragrant, buttery croissants for two, or a family sized breakfast before the school run, the Smeg TSF03 4 slot toaster has got it covered. This toaster allows up to 4 slices to be cooked at the same time making it ideal for large families, or those who like the start the day with a hearty breakfast for plenty of energy!

Two slots can be used independently using the two control dials, so you don't need to prepare more toast than you need. Each spacious slots has slice centring technology for even browning and an automatic pop-up once toasting is complete.

Whether you want ultra-crunchy or softer slices, bread can be toasted to suit a wide range of tastes thanks to 6 variable browning levels and 3 illuminated pre-set programs, for reheating, defrosting and bagels. The slots have a variable width which can accommodate a variety of bread thicknesses.
