

SteelSeries Apex Pro Mini, Wired, USB, Mechanical, QWERTZ, RGB LED, Black

Apex Pro Mini - QWERTZ - USB Type-C - RGB Illumination - Black

Group	Input Devices
Manufacturer	SteelSeries
Manufacturer item no.	64822
EAN/UPC	5707119047807

Description

OmniPoint 2.0 Adjustable Switches

New OmniPoint 2.0 switches use state-of-the-art magnetic sensors for instant, zero contact keystroke activation to give you what you want — speed.

2-in-1 Action Keys

Program two actions to a single key, depending on how you press it. Walk forward with a light keypress, and then sprint by pressing that same key deeper. Create your own advanced combos to overtake the competition.

Ultimate Adjustability

Absolute precision and unmatched customization are at your fingertips. Tune the registration distance of your keystrokes to the nearest 0.1mm. Whether you prefer the feather-light touch of 0.2mm, or a firm press at 3.8mm, the choice is yours.

Compact 60% Design

The Apex Pro Mini is built to create more space on your desk for game-winning mouse swipes while retaining all the capabilities of a full-size keyboard with its side-printed secondary functions.

A front-facing view of the Apex Mini's 'WASD' keys, showing their secondary directional functions. Retain all the capabilities of full-size keyboards with side-printed secondary functions. All options remain at your fingertips.

SteelSeries Engine

Unlock Apex Pro Mini Wireless' unique capabilities with Engine. 2-in-1 action key binds, per-key RGB illumination, and custom actuation points are all programmable through this easy-to-use software.

Aircraft Grade Aluminum Alloy

The Series 5000 metal top plate is identical to the aluminum used in jets providing enhanced rigidity and structural stability for a lifetime of use.

Double Shot PBT Keycaps

Experience a giant leap in quality and durability. Our fadeproof PBT keycaps are engineered with a unique texture for enhanced keystroke feel and better typing accuracy. Side-printed secondary actions grant you all the functionality of a full-size keyboard.

Main features

	General
Keyboard form factor	60%
Keyboard style	Straight

Connectivity technology	Wired
Device interface	USB
Keyboard key switch	Mechanical
Keyboard layout	QWERTZ
