### Description

Thermaltake View 37 ARGB Edition mid-tower chassis involves a gull-wing window panel for a view from more than just one angle. Features to built-in two 200mm 5V ARGB LED front fans and one 120mm 5V ARGB LED rear fan which are addressable to deliver 16.8 million-color RGB illumination and unparalleled ventilation. This model comes ready to sync with RGB capable motherboards from Asus, Gigabyte, MSI and AsRock. The View 37 ARGB is built for top-tier cooling and lighting hardware, supporting custom liquid cooling loops as well as vertical GPU layouts and RGB lighting. Build your ultimate show-piece with the new View 37 ARGB.

### Main features

|                          |                                                                                                                                                    |
