Group	Audio Equipment
Manufacturer	Tribit
Manufacturer item no.	E02-1935N-01
EAN/UPC	6972312831198

Description

StormBox Micro Micro in Size, Macro in Sound

Micro in Size; Not in Sound!

Like no other, the StormBox Micro is an ultra-portable speaker that creates a high-fidelity sound experience superior to any other speaker this size. XBass technology ensures the StormBox Micro packs a deep and powerful punch. When a speaker this small sounds this good, you'll never want to go anywhere without it.

Rugged. Water Resistant. Dustproof

IP67 waterproof and dustproof rating means this speaker is ultra-rugged and designed to sustain even severe accidents. Extremely compact and incredibly durable, don't worry about using it around your kids; a little spill won't hurt it.

Strap On and Get Moving

With a flexible tear-resistant strap, you can attach this great little speaker to your bike, backpack or even your belt, keeping the party with you at all times. Designed and built with durability in mind, this strap will work perfectly whether you've just bought it or you've had it for years.

8 Hours of Playtime

Because of this speaker's long battery life, you can listen to even the longest playlists. Recharge with accompanying USB-C charging cable.

Double the Fun

The wireless stereo technology allows you to pair your speaker to a second Micro, pumping up your auditory experience. With the StormBox Micro, you can create a truly immersive listening environment.

Long Range and Smarter Battery Life

Long gone are the days you had to leave your phone right next to the speaker. Superior Bluetooth 5.0 technology creates an impressive 100-foot

range, meaning your music source can be in another room or even on another floor, while still optimizing battery life.
